

ELECTRICAL SAFETY RECALL

Kmart is recalling
home&CO 2 Slice Stainless Steel Toaster (Model No. TL-136)
(Model number is found on the rating label located on the bottom of the toaster.)
Keycode 42376545.

Available at Kmart stores between September 2016 - November 2017.

Defect: Some of the toasters have a faulty switch, causing the heating element to remain “live” when the lever is up and the toaster appears turned off.

Hazard: The item poses a potential electrocution hazard. Contact with the heating element may result in a severe electric shock of 240V.

Action required: Customers should cease using this product immediately and return the product to any Kmart store for a full refund. No other Kmart toasters are affected by this recall.

Contact Details: For more information please contact Kmart Customer Service on 0800 945 995 Monday-Friday between 8.00am – 5.00pm AEST or visit www.kmart.co.nz
