

IDEA 2: HANDS ON FUN

Bring the beach to your home!

Playing with Kinetic Sand is great hands on fun! It can help develop fine motor skills, so grab a pack and some building blocks with your little one and create multiple shapes and sizes and see how they stamp into the Kinetic Sand!

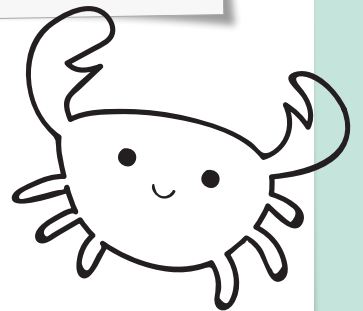

What you'll need:

- Kinetic Sand
- Building blocks

Instructions:

1. Place your Kinetic Sand on a flat surface.
2. Using the building blocks create different shapes with the blocks.
3. Start stamping! Your kids can create multiple shapes and sizes and see how they stamp into the Kinetic Sand!
