

# IDEA 6: CRAFTERNOON

## Create your own glitter gift bags

Once you create your Fashion Angel bracelet, make some glitter gift bags to pop them in and share with your friends!

### What you'll need:

- Kraft paper gift bags
- Glitter pots
- Paint brush
- Glue

### Instructions:

1. Apply a thin layer of glue to the lower parts of the bag... but NOT the actual bottom. Make your brush strokes wild and varied or create straight lines if you prefer.
2. Over a piece of paper, glitter your bag all the way around. What doesn't stick to the bag will fall onto the paper below.
3. Once all the glue on the bag has been thoroughly glittered up, carefully pick up the paper and use it to funnel the glitter back into the jar it came from. This prevents waste and helps with minimising the mess.
4. Allow a few hours for your bags to completely dry... and you're ready to go!
