**Defect:** The power cord may detach where it meets the inline switch, exposing live wires.

**Hazard:** If the cord detaches, and the wires are live, there is a risk of electric shock or electrocution.

**What to do:** Consumers should immediately stop using the product, disconnect from mains power and cut the cord safely, then return to their nearest Kmart store for a refund or exchange for a new Marmo Table Lamp.

**Identification:** The batch numbers are located at the bottom of the lamp and denoted by **XX/XX**. Batches from **02/19** are not affected by this defect and are fully compliant and safe.
